# **Funeral Planning In Ontario**

Presented by Beverlee McIntosh

**Wednesday, April 19 2023**

**1—2 pm**

**Via Zoom**

Let's talk about funerals. What do you need to know about death and funerals in Ontario? This 1 hour presentation provides general information on a range of choices available from traditional funerals, cremation, to newer "trends" such as aquamation and green burial. Learn how a not-for-profit funeral home, the Funeral Co-operative of Ottawa, can assist you in planning a funeral for yourself or a loved-one. This is a great starting point to help you and your executor discuss your own funeral plans or for anyone who might be relying on you to arrange their funeral services.

This is a free online presentation delivered via Zoom, with the option to connect over the phone. All in the community are welcome and encouraged to attend.
