A Message From Your Executive Director, Monique Doolittle-Romas

Welcome to the Spring 2023 edition of The Good Companions bulletin.

On behalf of our entire team, we want to thank our generous sponsors and donors who supported our annual giving campaign as well as Santa 4 Seniors. Your gift supports programs and services for older adults in the Centre and in the community. Your donation allows TGC to meet the increasing need in our community. THANK YOU!

We have new members joining the TGC staff team. Please join me in welcoming Justin Sauvé as an Adult Day Program Assistant. Justin joined our team on a contract in the fall of 2022 and he is now a full time member of the ADP team! We also welcomed Grace Barrett as our part time Adult Day Program Assistant. Grace joined us in January. Recently The Good Companions Seniors' Centre Without Walls Expansion Team has expanded to deliver the program and training in French. Meghan Cornett joined our Expansion team on February 21st as our new French Program Coordinator.

Lights... camera... action! In June 2023, TGC will have a film crew on site and in the community. The team will be highlighting Good Companions programs and services in the Centre, out in the community as well as our transportation programs. We are looking forward to sharing

our story on all of our social media platforms! Watch for more details.

Do you know an older adult who would benefit from joining The Good Companions? Are they looking to join a community, get involved, have fun and make new friends? If yes, please encourage them to sign up for a tour or ask them to join you for coffee, tea, lunch or a special event. We look forward to welcoming new members and having them join our community!

Be sure to register for Team Good Companions for the Ottawa Race Weekend. Team members will be walking 2kms together on Saturday, May 27th, 2023 to raise funds for TGC. Join us for the 2kms, 5kms or join our team section to cheer the walkers on. Please see Nicole MacLean to register or to cheer us on!

Please be sure to register for our virtual members' meeting on April 18th, 2023 at 1 pm to discuss TGC updates and activities with our Board President, Seán K. Kelly.

Save the date for our Annual General Meeting which is scheduled for Monday June 12th, 2023 at 3 pm. We encourage everyone to attend the meeting to elect the Board of Directors, review and approve TGC's updated bylaws, TGC's strategic plan for 2023-2026 and receive our Annual Report and Audited Financial statements.

Happy spring everyone!

The snow is melting, layers of winter clothing are coming off and it seems our beautiful city is waking up from its long cold slumber. What better time to start a new healthy habit like walking. The Out and About Walking club is a great way to get moving and socialize within a safe inclusive space!

Participants meet up at The Good Companions parking lot for a 1 hour walk (rain or shine) every Thursday at 10:00 am (starting April 20th) followed by a coffee social in The Good Companions dining room from 11:00 am to 12:00 pm.

To register contact reception at 613-236-0428 and our receptionist will be happy to add your name to the list.

Still need convincing? Here are 5 surprising health benefits to walking regularly:

1. It counteracts the effects of weight-promoting genes. Harvard researchers looked at 32 obesity-promoting genes in over 12,000 people to determine how much these genes actually contribute to body weight. They then discovered that, among the study participants who walked briskly for about an hour a day, the effects of those genes were cut in half.

2. It helps tame a sweet tooth. A pair of studies from the University of Exeter found that a 15-minute walk can curb cravings for chocolate and even reduce the amount of chocolate you eat in stressful situations. And the latest research confirms that walking can reduce cravings and intake of a variety of sugary snacks.

3. It reduces the risk of developing breast cancer. Researchers already know that any kind of physical activity blunts the risk of breast cancer. But an American Cancer Society study that zeroed in on walking found that women who walked seven or more hours a week had a 14% lower risk of breast cancer than those who walked three hours or fewer per week. And walking provided this protection even for the women with breast cancer risk factors, such as being overweight or using supplemental hormones.

4. It eases joint pain. Several studies have found that walking reduces arthritis-related pain, and that walking five to six miles a week can even prevent arthritis from forming in the first place. Walking protects the joints — especially the knees and hips, which are most susceptible to osteoarthritis — by lubricating them and strengthening the muscles that support them.

5. It boosts immune function. Walking can help protect you during cold and flu season. A study of over 1,000 men and women found that those who walked at least 20 minutes a day, at least 5 days a week, had 43% fewer sick days than those who exercised once a week or less. And if they did get sick, it was for a shorter duration, and their symptoms were milder.

I hope by this point you are excited to make yourself a priority, laugh and have fun all while getting healthier.

Spring may be right around the corner but in true Ottawa fashion, we still have lots of winter left to go and getting out and about can still be a challenge for many. One way to beat the winter blues, meet people, and learn new things is to try one of our telephone programs. To give you a better idea of how the program works, listed below are the answers to some common questions we receive from new participants.

Seniors' Centre Without Walls FAQ

Do I need internet to access this program?

No, all you need is a telephone!

What kinds of programs do you offer and how frequently?

We run a total of 13 programs per week spread out Monday - Friday. Our programs include health & wellness presentations, educational presentations, art & travel programs, and special events. We also have our regular programs which include trivia, discussion groups about a wide range of topics, and even BINGO! Some of our upcoming presentations include Mental Health & Wellness in the Community, How to Prepare for an Emergency, and Canadian Tourist Attractions.

How many people are on the phone calls?

It depends on the program, but typically there are 15 - 20 participants per call.

I can sometimes be shy meeting new people – is that okay?

Absolutely! Your level of participation is completely your choice. You are welcome to jump in and join the discussion at any point but if you are more comfortable sitting back and listening, that's okay too.

How can there be a group discussion when we can't see each other?

There is always a staff facilitator on the call who helps manage the discussion – for example, if more than one person speaks up at once, the facilitator will call each individual by name so everybody has a chance to speak. To join the conversation, it's as easy as speaking up just like you were talking to a friend on the phone.

For more information about how to get started and to receive a copy of our program guide, call Emily Payne at 613-236-0428 extension 2323.
